

## Technical sheet

**article:**

**felt**

**typology :**

molton

**description:**

**characteristics**

composizione

100% virgin polyester

final weight

900 gr/mtq

thickness

9 mm.

softening point

210° C.

melting point

230° C.

weave

garfish

### note

characteristics may change among commercial tollerance.

during daily use could appear a progressive shrinking

does not contain lead, hexavalent chrome, mercury, Biphenyl polybromide, cadmium, Phenyl ether polybromide,  
in conformity with guideline 2000/53/CE - RoHS
